Gebruiksaanwijzing

BELANGRIJK! BEWAAR DE GEBRUIKSAANWIJZING VOOR EEN LATER GEBRUIK

Lees deze handleiding voor het eerste gebruik zorgvuldig door!

WAARSCHUWING

WAARSCHUWING Houd altijd toezicht op je kind en controleer of de neus en mond vrij zijn.

WAARSCHUWING Vraag een zorgprofessional om advies wanneer je dit product wilt gebruiken voor te vroeg geboren kinderen, baby's met een laag geboortegewicht en kinderen met medische problemen.

WAARSCHUWING Zorg ervoor dat de kin van je baby niet op zijn borst rust, omdat dat de ademhaling kan belemmeren, wat tot verstikking kan leiden.

WAARSCHUWING Controleer of je kind veilig vastzit in de draagzak om elk risico op vallen te vermijden.

Wees voorzichtig bij activiteiten als koken of schoonmaken, in de buurt van warmtebronnen of hete drankjes.

Draag nooit meer dan één kindje in je draagzak.

De draagzak is uitsluitend ontworpen om je kind in een naar jou gedraaide richting te dragen.

Je kan je evenwicht verliezen door jouw eigen bewegingen en die van het kind.

Kijk uit als je je bukt of voorover buigt.

Gebruik de draagzak niet tijdens sportactiviteiten, zoals hardlopen, fietsen, zwemmen en skiën.

Het risico dat je kind uit de draagzak valt, neemt toe als het beweeglijker wordt.

OPBERGEN EN ONDERHOUD

Berg je draagzak buiten het bereik van kinderen op wanneer je hem niet gebruikt.

Controleer je draagzak voor elk gebruik op eventuele slijtage en gebruikssporen, waaronder gescheurde naden en gescheurde stof.

Alle gespen sluiten voor het wassen en voor het opbergen.
