FR Mode d'emploi

IMPORTANT ! À CONSERVER POUR CONSULTATION ULTÉRIEURE

Veuillez lire les instructions avant d'utiliser l'écharpe porte-enfant !

AVERTISSEMENT

AVERTISSEMENT – Surveillez en permanence votre enfant et assurez-vous que la bouche et le nez ne soient pas obstrués.

AVERTISSEMENT – Pour les prématurés, les bébés ayant un faible poids à la naissance et les enfants ayant des problèmes médicaux, demander conseil à un professionnel de santé avant d'utiliser ce produit.

AVERTISSEMENT – Assurez-vous que le menton de l'enfant ne repose pas sur sa poitrine car cela pourrait gêner sa respiration et entraîner une suffocation.

AVERTISSEMENT – Pour éviter tout risque de chute, assurez-vous que l'enfant est maintenu en toute sécurité dans l'écharpe porte-enfant.

Faites attention aux dangers dans l'environnement domestique, par exemple sources de chaleur, déversement de boissons chaudes.

L'écharpe porte-enfant est prévu seulement pour un enfant.

L'écharpe porte-enfant est conçu exclusivement pour que votre enfant soit porté tourné vers vous.

Vos mouvements et les mouvements de l'enfant peuvent modifier votre équilibre.

Ne se baisser et se pencher en avant ou sur le côté qu'avec précaution.

Le porte-enfant n'est pas adapté aux activités sportives, par exemple course, vélo, natation et ski.

Il convient que l'adulte porteur soit conscient du risque accru de chute de l'enfant de l'écharpe porte-enfant lorsque celui-ci s'agite.

RANGEMENT ET ENTRETIEN

Tenir ce l'écharpe porte-enfant éloigné des enfants lorsqu'il n'est pas utilisé.

Inspecter régulièrement l'écharpe porte-enfant pour détecter tout signe d'usure et d'endommagement.

Fermer toutes les boucles avant le lavage et le rangement.

Laver comme textiles délicats
